Grouping of Material Phenomena

Grouping of Material Phenomena

Material phenomena arise in groups. As mode of origin, there are 21 material phenomena combined groups (රූප කලාප)

Mode of origin	combined groups
Groups originating from Volition (කම්ම සම්ප්‍රවිධාන රූප කලාප)	9
Groups originating from Consciousness (චිත්ත සම්ප්‍රවිධාන රූප කලාප)	6
Groups originating from Temperature (උතු සම්ප්‍රවිධාන රූප කලාප)	4
Groups originating from Nutriment (ආහාර සම්ප්‍රවිධාන රූප කලාප)	2
Total	21

Groups originating from Volition (කම්ම සම්ප්‍රවිධාන රූප කලාප)

Groups originating from Volition (කම්ම සම්ප්‍රවිධාන රූප කලාප)

There are 9 groups of material phenomena born of volition

1. Inseparable eight together with Life Faculty is called vital nonad.
2. vital nonad together with eye sensitivity is called eye decad.
3. vital nonad together with ear sensitivity is called ear decad.
4. vital nonad together with nose sensitivity is called nose decad.
5. vital nonad together with tongue sensitivity is called tongue decad.
6. vital nonad together with body sensitivity is called body decad
7. vital nonad together with femininity is called female decad.
8. vital nonad together with masculinity is called male decad.
9. vital nonad together with heart base is called heart base decad

INTERNATIONAL BUDDHIST TEMPLE

Groups originating from consciousness (චිත්ත සමුච්චාන රූප කලාප)

Groups originating from Consciousness (චිත්ත සමුච්චාන රූප කලාප)

There are 6 groups of material phenomena born of Consciousness.

1. Inseparable eight – The pure octad
2. Pure octad together with bodily intimation called bodily intimation nonad
3. Pure octad together with vocal intimation and sound - vocal intimation decad
4. Pure octad together with lightness, malleability and wieldiness – un-decad of lightness triad
5. Pure octad together with bodily intimation and the mutable triad
6. Pure octad together with vocal intimation, sound and the mutable triad

Groups originating from Temperature (උතු සමුච්චාන රූප කලාප)

Groups originating from Temperature (උතු සමුච්චාන රූප කලාප)

There are 4 groups of material phenomena born of temperature.

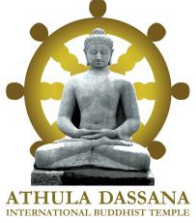

1. Inseparable eight – The pure octad
2. The pure octad together with sound – The sound Nonad
3. Pure octad together with lightness, malleability and wieldiness – un-decad of lightness triad
4. Pure octad together with sound and the mutable triad

Groups originating from Nutriment (ආහාර සමුච්චාන රූප කලාප)

Groups originating from Nutriment (ආහාර සමුච්චාන රූප කලාප)

There are 2 groups of material phenomena born of nutriment.

1. Inseparable eight – The pure octad.
2. Pure octad together with lightness, malleability and wieldiness – un-decad of lightness triad
